WORK EXPERIENCE

2011 – present	Full professor of Fruit growing, Faculty of Agricultural Sciences and Food, Ss. Cyril and Methodius University in Skopje
2006-2011	Associate professor of Fruit growing, Faculty of Agricultural Sciences and Food, Ss. Cyril and Methodius University in Skopje
2002-2006	Assistant professor of Fruit growing, Faculty of Agricultural Sciences and Food, Ss. Cyril and Methodius University in Skopje
1996-2002	Assistant of Fruit growing, Faculty of Agricultural Sciences and Food, Ss. Cyril and Methodius University in Skopje
1990-1996	Junior assistant Fruit growing, Faculty of Agricultural Sciences and Food, Ss. Cyril and Methodius University in Skopje

EDUCATION AND TRAINING

1998-2001	Ph.D. diploma, Faculty of Agriculture, Ss. Cyril and Methodius University in Skopje Thesis Title: "Influence of the way of cultivation on strawberries to vegetative growth and yield"
1990-1996	MSc Diploma, Faculty of Agriculture, Ss. Cyril and Methodius University in Skopje Thesis Title: "Influence of high of grafting and depth of planting to vegetative and generative activities at the apples"
1984-1989	BSc Diploma, Faculty of Agriculture, Ss. Cyril and Methodius University in Skopje Graduated engineer of agriculture

PERSONAL SKILLS

- Lecturing in field of Fruit growing with a strictly professional approach to work duties
- Preparation, implementation, monitoring and evaluation of scientific, applicative and development projects in the field of fruit production
- Preparation of strategies, visibility studies of development of the fruit growing sector, business plans and programs for maintenance of fruit plantations
- Determining needs and conducting training courses in the field of fruit production
- Analysis of the situation in production and marketing in agricultural production,
- Preparation of elaborates and programs for the establishment and cultivation of the orchards

Communication skills

- Communication skills with students gained through experience
- Communication skills with fruit producers acquired through years of experience during work and field work
- Communication skills with trading companies acquired through long experience
- Excellent communication with working teams

Organisational / managerial skills

Chairman of the Department of Fruit Growing-Faculty of Agricultural Sciences and Food, Chairman of the Institute of Plant biotechnology -Faculty of Agricultural Sciences and Food.

During my work at the Faculty of Agricultural Sciences and Food I have organized different course, seminars, conferences and symposiums covering various subjects in agricultural sciences and fruit growing, as well as managed or participated in numerous national and international scientific and applicative projects

Job-related skills

- Professor with many years of experience in the higher education industry. Skilled in Lecturing in field of Fruit growing, with a strictly professional approach to work duties
- Preparation, implementation, monitoring and evaluation of scientific, applicative and development projects in the field of fruit production
- Preparation of strategies, visibility studies of development of the fruit growing sector, business plans and programs for maintenance of fruit plantations
- Determining needs and conducting training courses in the field of fruit production
- Analysis of the situation in production and marketing in agricultural production,
- Preparation of elaborates and programs for the establishment and cultivation of the orchards
- Implementation of modern technology for raising and growing of fruit plantations

Digital competence

Communication and Collaboration: Experienced in using digital tools for interaction and collaboration, including Zoom, Microsoft Teams, and email. Digital Content Creation: Skilled in developing and editing digital content using Microsoft Office Suite and Google Docs. Information and Data Literacy: Proficient in browsing, searching, and filtering data and digital content. Capable of evaluating and managing digital information effectively.

ADDITIONAL INFORMATION

Projects

MAIN RESEARCHER/EXPERT IN THE PROJECTS:

- 2020-2021 Study of the opportunities for intensifying cherry production, University of Ss Cyril and Methodius, Skopje
- 2012-2013 Morphological and genetical characterisation of sweet cherry (*Prunus avium* L.) genofond, Ministry of education and sciences of Republic of Macedonia
- 2012 Introduction of new varieties in production apple orchards, Ministry of agriculture, forestry and water economy of R. Macedonia
- 2009-2010 Introduction of high bush blueberry (*Vaccinium corimbosum*) in production regions in R. Macedonia, Ministry of agriculture, forestry and water economy of R. Macedonia

- 2006-2008 Comparative investigations of some berry fruits in Republic of Macedonia and Republic of Croatia, Ministry of education and sciences of Republic of Macedonia
- 2004 Introduction of new technologies and cultivars in apple orchards, GTZ Skopje
- 2003-2006 Introduction of new concepts and assortment in apple production, Ministry of education and sciences of Republic of Macedonia
- 2003-2004 Applying of pomotechnical measurement in apple orchards MRFP-CIDA
- 2002 Preventive measures for reducing damages caused by frost in orchards, GTZ, Skopje

PARTICIPANT/EXPERT IN THE PROJECTS

- 2021-2023 Technical Support to Agriculture in Kosovo in the context of Integrated Water Resources Management, UNDP
- 2016-2018 Introduction of Sustainable Farming Practices in the Strumica River Basin, UNDP
- 2013-2016 Support to the Introduction of Sustainable Farming Practices in the Prespa Lake Watershed Restoration of Prespa Lake Ecosystem, UNDP
- 2013-2014 Strategy for agricultural and rural development for the period 2014-2020 in R. Macedonia/ MAFWE/ FAO●
- 2012-2016 Sustainable production of high-quality cherries for the European market, COST Action FA 1104. European commission
- 2012-2015 Adaptation to Climate Change in Agriculture, USAID
- 2011-2013 *Fresh Fruits and Vegetables Value Chain in R. Macedonia*, USAID, AgBizE Program
- 2008-2009 Training of farmers for implementation of IPM and ICM in apple production in according to the EUREP GAP standards, UNDP
- 2005-2010 South-Eastern European Development Network on Plant Genetic Resources, SIDA;
- 2006 Market analysis: Strawberry sector in Macedonia, Care international
- 2005 Improvement of fruit and vegetable yields through the diffusion of sustainable production systems in 5 Balkan countries, CIHEAM-IAM Bari
- 2005-2010 "Euroberry Research: from Genomics to Sustainable Production, Quality & Health "(2005-2010), COST Action 863, EU Commission
- 2007-2009 Regional economy development and stability (Macedonia and Kosovo) Care Nederland
- 2006-2007 Intensification of plum production in Maleshevia region, SIDA, MAASP
- 2001-2004 Pollenic atlas of honey plants, Ministry of education and sciences of Republic of Macedonia
- 2003 Integrated and organic pear production, GTZ- Agro promotion
- 2000-2003 Intensification of strawberry production, Ministry of education and sciences of Republic of Macedonia
- 2000-2003 Rootstocks and interstocks for stone fruits, Ministry of education and sciences of Republic of Macedonia
- 1999-2002 Improvement of protection from low temperature and modern systems for irrigation in orchards, Ministry of education and sciences of Republic of Macedonia
- 1994-1997 Protection from low temperature and modern systems for irrigation in orchards, Ministry of education and sciences of Republic of Macedonia
- 1994-1997 Research of introduced fruit cultivars in production regions of Macedonia, Ministry of education and sciences of Republic of Macedonia
- 1990-1993 Intensification of stone fruit production in Macedonia, Ministry of education and sciences of Republic of Macedonia
